PRIVATE EVENT SPACES

ABOUT US

Our 60-acre Orchard in Walden, NY, is nestled in the heart of the Hudson Valley. Located between New York City & Albany, the Cider House is the premier destination no matter the occasion.

The Cider House & apple orchard are home to Angry Orchard's research & development, where the cidermakers regularly experiment with new flavors & styles. Drinkers are welcome to visit and enjoy exclusive ciders, only available onsite, alongside national favorites like Crisp Apple.

Since opening in 2015, the Cider House has undergone several renovations and now features our downstairs taproom, an additional upstairs bar area with an adjacent outdoor patio, a cider garden pavilion, and a tree house bar built by Tree House Master Pete Nelson. We are equipped & eager to host your small, intimate gatherings or larger special events.
